Zella Nicolaus's Request Denied. JERSEY CITY, N. J., July 19 .- Justice Lippincott, in the Supreme Court, to-day refused to grant the order for the preliminary examination of George J. Gould in the suit brought against him by Zella Nicolaus to recover the value of a \$40,000 check, which she alleges Gould gave to her and afterwards seized. Judge Lippincott said there was nothing to show that the defendant would absent himself or would be inaccessible. He further stated that the denial of the motion for the pre-liminary examination was not prejudicial to the renewal of the motion.

Canada's Minister of Militia Doesn't Think Uncle Sam Is Spying.

MONTREAL, July 19 .- The Minister of Militia, when shown a dispatch from Washington saying that spies had been sent into Canada to study the topographical situation and means of defense in the event of invasion, said: "I do not believe a word of it. There is no necessity for sending sples over here, where every one is at lib erty to come and make his own surveys." This view hardly corresponds with that held by the late Secretary. Sir John Thompson, who, anticipating such a movement on the part of the United States and the cooperation of Canadian government officials with those of the United States to secure this information, had special legislation passed in Parliament in 1892 to meet such a

THE RAID ON THE TREASURY RE-SERVE STOCK PROBABLY BEGUN.

Over One Million to Be Shipped to Europe To-Day by Brokers-Treasury Officials Reticent.

NEW YORK, July 19.-W. H. Crossman &

Bros., coffee importers, have ordered \$1,-000,000 in gold from the United States subtreasury for shipment to Europe on board the steamship Etruria, which sails to-morrow. According to Messrs. Crossman the firm had reluctantly decided to ship the gold. It had, the members said, at the request of the bankers, deferred the remittance for three weeks in the hope that the rate for sterling exchange might decline, but they could not wait any longer. Messrs. Crossman declined to say at what rate they had been offered exchange or what they would save by shipping gold. They declared the latter could not possibly be McKee second choice. Cherrystone was the rank outsider, but he managed to win by a nose on the post from Hawarden, who sion of the gold they procured was learned. The cost to them of laying the gold down in London was less than it would be to Warlike came out and won handily, with some people, because their banking agents Suits, Sweaters, Hose, Belts, in London did not charge them any commission for handling it. Their agents in London received a commission for accepting for them South American drafts drawn on their account, and as the gold was remitted to cover those drafts the cost of handling it was considered as included in that com-mission. Some slight concession, it is said, was offered to Messrs. Crossman this morning by drawers of sterling exchange, but it was then too late, the firm already having made all their arrangements to ship the gold.

Nesslage, Colgate & Co. will ship \$50,000 additional gold by the steamer Etruria to-morrow, making in all for this firm \$150,000.

An easier tone prevailed in the sterling exchange market to-day, and the actual business rates have been reduced ¼ per cent. on both long and short bills. The lowering of rates by the London syndicate house is undoubtedly due to the announced intention to ship \$1,000,000 gold to-morrow.

Carlisle Is Silent. WASHINGTON, July 19 .- The Secretary of the Treasury to-day received a telegram from Mr. Jordan, Assistant United States Treasurer at New York, stating that W. S. Crossman & Bros. had withdrawn \$1,000,000 in gold, presumably for export, from the subtreasury in exchange for United States subtreasury in exchange for United States notes. Secretary Carlisle was seen, but he declined to discuss the matter or express an opinion in regard to it. Other treasury officials were equally reticent, but some officials who have been watching the exchange market express the opinion that the shipment is the beginning of a movement in opposition to the Morgan-Belmont syndicate, who, it is alleged, are holding up the rates of exchange, which it is desired to break down.
